DRIP KIT PRODUCTS

Astore Keymak offers a complete Terrace Kit, a smart and versatile watering solution ideal for balcony gardens, potted plants, and small terraces. Engineered for simplicity and durability, it delivers consistent water flow to every plant, ensuring lush, thriving greenery with minimal effort. Compact, efficient, and eco-friendly, this kit reflects Astore Keymak's commitment to innovation and quality in modern irrigation solutions.

Astore Keymak offers a complete Veggie Garden Kit, an efficient, easy-to-use solution for watering vegetable gardens and raised beds. Featuring Irritec's advanced micro-irrigation technology, it delivers precise water directly to roots, reducing waste and promoting healthy growth. Ideal for home and small-scale gardens, the durable kit ensures easy installation, reliable performance, and smart water savings.

Terrace Kit

ADVANTAGES

Convenient Watering Solution:

The Terrace Kit is perfect for patio, and balcony gardens.

Uniform Distribution:

The Terrace Kit ensures even watering across all pots and planters.

Compact & Flexible:

The Terrace Kit is designed to fit limited spaces with adjustable tubing and fittings.

Reduced Maintenance:

The Terrace reliable components require minimal upkeep once installed.

Eco-Friendly:

The Terrace Kit saves water while maintaining plant health and vitality.

Cost-Effective:

The Terrace Kit lowers water bills and reduces the need for manual labour.

Aesthetic Enhancement:

The Terrace Kit keeps plants lush and healthy, improving the look of outdoor spaces.

Veggie Garden Kit

ADVANTAGES

Efficient Water Use

The Veggie Kit delivers water directly to roots, reducing evaporation and waste.

Healthier Plants

The Veggie Kit maintains consistent moisture for stronger growth and better yields.

Time-Saving

The Veggie Kit's automated watering minimizes manual effort.

Easy to Use

The Veggie Kit is quick to install and simple to maintain.

Durable

The Veggie Kit is made from UV-resistant, high-quality materials for long life.

Flexible Design

The Veggie Kit adapts to different garden sizes and layouts.

Eco-Friendly

The Veggie Kit promotes sustainable water use and conservation.
